

Friars Primary Foundation School
Fundamental British values and SMSC agreement

All schools are required as part of a broad and balanced curriculum to promote spiritual, moral, social and cultural (SMSC) development. Through ensuring pupils' SMSC development, we must demonstrate we are actively promoting fundamental British values.

Fundamental British values are defined as:

- Democracy.
- The rule of law.
- Individual liberty.
- Mutual respect for and tolerance of those with different faiths and beliefs and for those without faith.

We promote SMSC and fundamental British values in a wide range of ways which include:

- The active promotion of our own school values (right conduct, peace, love, non violence and truth)
- Assemblies
- Discussions involving all members of the school community
- Themed learning (I.e. CLJ, application focus days, health week, international week, RE focus days etc.)
- Enrichment activities both in and out of school with recognized cultural institutions
- Workshops with recognized charities, groups etc.
- Considered use of relevant resources throughout all aspects of the national curriculum

My child will participate in any activities that Friars provides to promote SMSC and Fundamental British Values.

I understand that Friars has a legal duty to promote SMSC and Fundamental British Values and I support the work that the school does to meet its legal duty.
