

# Independence

I skip down the road every day  
Seeing parades and parties  
Red, White and Blue flowing all around  
They are always about having independence

Having tons of space  
Is important to everyone  
Birds chirping and being calm  
Is all you'll need to be free

Guitars and pianos  
Being played in all kinds of spaces  
Singers and dancers all over the globe  
Interested in having their freedom

I will be very thrilled  
If everyone has happiness  
Playing outside and working together  
Is the best way to live nicely

Lovely food and drink  
Are things to be grateful for  
If you eat healthily  
Then your life will be great

Independence is all  
You will ever need  
To always be happy.
