

Friars Primary Foundation School – PE and Sports Premium

Academic year 2017/18

Total pupil premium allocated: £17670

Overall aims of PE and Sports premium:

- Increase participation and success in competitive sports
- Identify and provide opportunities for the more able in PE
- Improve physical well being and health of all pupils
- Provide professional development opportunities for staff to further improve quality of PE provision

Rationale for how PE and Sports premium is spent at Friars Primary School:

The Governing Body uses three main sources to enable the PE and sports premium to be used effectively.

1. Membership of the “PE and School sports network” which work with the majority of Southwark schools
2. Using ELMS sports
3. school based provision to meet the aims of the PE and sports premium.

Specific allocation of funding 2017/18

The effect of the premium on pupils' PE and sport participation and attainment:

- Detailed in the specific expenditure plans above
- In addition please see examples of success in competitive sport on the PE and sports page of the school website:
- The PE and sports page of the school also includes a historic pupil survey on attitudes to PE and healthy living. The next survey will be completed in health week in July 2018

How improvements are sustainable:

- The networks built up between schools through membership of the PE and school sports network will enable interschool festivals and competitions to carry on indefinitely
- The specific PD provided for teachers through membership of the PE and school sports network will enable teaching to remain of a high quality
- The ongoing PD delivered through teachers observing weekly specialist coaching will enable teaching to remain of a high quality.
- The relationship with our specialist dance teacher will ensure high quality dance provision will continue over time.
