Dear Parents and Carers

Re: phones brought into school

We have an increasing number of children bringing phones into school.

We encourage children not to bring phones to school; if a phone is brought in a written request needs to be made, explaining why you would like your child to bring this item to school.

We advise children to only bring in a phone if they are travelling to and from school without an adult. All phones must be handed into the office at the beginning of the day and collected at the end of the school day. Children should not use or play with their phones on the school site. Please complete and return the form as soon as possible.

Yours sincerely

Mobile phone permission request

Child's name: _____ Year group: _____

I give my child permission to bring a phone to school.

My reason is _____

My child understands that

- phones brought into school must be handed in to the office at the beginning of the day and collected at the end of the school day. This includes the beginning of breakfast club and when collected from playcentre if applicable.

- phones should not be used or played with on the school site.

I understand that the school will not take responsibility for the phone that my child has brought to school being damaged, lost or stolen.

I understand that if my child does not follow these rules the phone will be confiscated and only returned to a responsible adult.
