Twitter

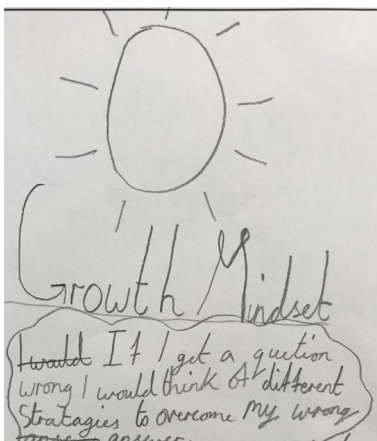

We are pleased to let you know that Friars now has Twitter! You will find us under the name @FriarsSE1. We will be using it to share all the great learning that goes on in the school as well as giving reminders and updates about what is going on. It will be embedded into the website in due course.

School lunches

Following on from the ISS parent tasting session we are encouraging as many children as possible to take school lunches. We have included the menu for next Thursday on the final page of this newsletter and hope that all children will enjoy a school dinner on that day. Please let the office know by Wednesday if you would like your child to have a school lunch.

Harvest contributions

We would like to say a big thank you to everyone who contributed to our harvest table this week. The donations will go to the Webber Street Homeless shelter next week. It was excellent to see Miss Castillo challenge children in assembly when she produced two packets of chocolate biscuits and asked whether they should keep them for themselves or donate them to the collection. The resounding response was that they should be donated!

Gentle reminder

Can we ask that children who have packed lunches that they only bring water in rather than the fruit juices and other sugary drinks that we have seen recently. Also please try and avoid single use plastics for water bottles. Thank you for your cooperation.

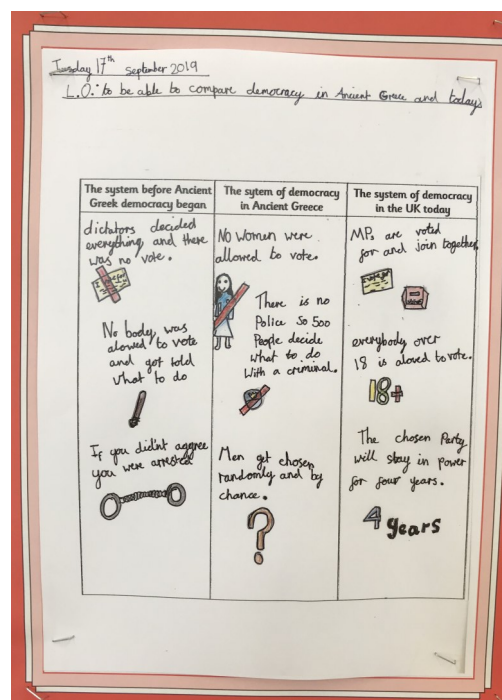

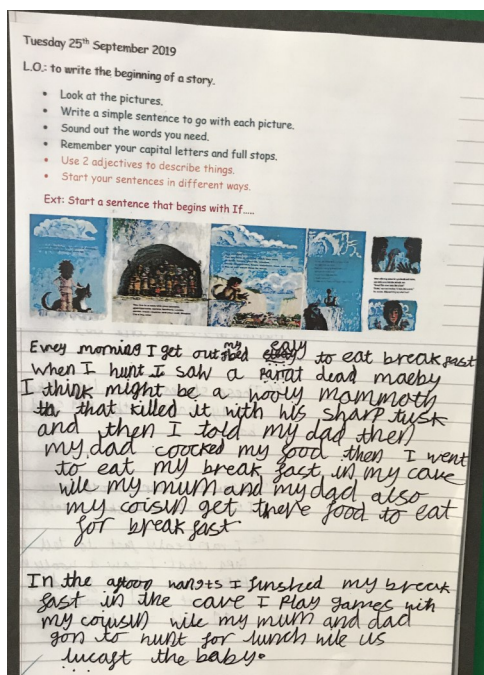

Children's learning at Friars:

This week we wanted to share the different ways in which children develop their historical understanding. In Year 3 they have been learning about the stone age and using the text, The First Drawing by Mordicai Gerstein to help understand what it must have been like to grow up then. They also wrote really well in role. In Year 5 they have compared different periods of history with a focus on them understanding the important concept of democracy.

"It was hard work living in the stone age" Kamil Y3

"We had to work out all the different ways democracy worked in the past" Eva Y5
