15th March 2024

Dear Parents and Carers,

We are happy to be able to share with you our Ofsted inspection report which will be published on Ofsted's website by the end of next week. When Ofsted visited, the type of inspection we received is called an '**ungraded inspection**' which focuses on determining whether our school remains the same grade as during our last graded inspection in 2018. As the name suggests, it can't change the school's overall effectiveness grade and we continue to be a **good** school.

We are very pleased with the inspection report which also highlights how brilliant our children are with their excellent attitudes to learning, good manners and respect for each other.

The inspector was very happy with all the positive comments she received from parents and carers, so thank you again for your input. The report contains a summary of the inspector's visit. Please find the report attached to the email and we will be posting this on our website in the next few days.

If you have any further questions then do ask Jo, Susannah or Claire.

Yours sincerely,

Jo Wratten

Headteacher
